

# COMETH Training course

From omics data  
to tumor heterogeneity quantification

COMETH Training Course aims to train clinicians to the use of cutting edge computational methods to quantify tumor heterogeneity through a dedicated web interface.

REGISTRATION OPEN UNTIL 2020 Dec. 17

**2 DAYS ONLINE TRAINING**

**30 participants**

**15-16 feb. 2021**

 EIT Health is supported by the EIT,  
a body of the European Union
